# Quotation

**Company Name: PLUMMY VENTURE LIMITED.**

Date: 29/06/2026

**Address: Kashipur  
, Narayanganj**

**EASY QUICK & FAST**

Easiest way to pattern design and marker making.

## Main Feature :

- › Simple and easy software interface for apparel CAD operator.
- › Support all popular cad system file. Pattern file (mdi, iba, zip, dxf, aama, aama dxf)
- › Create file for 3rd party cad system. So they can open file without any conversion.
- › Windows based software with plug and play support.
- › Support windows7 and windows XP
- › Can run with minimum pc requirement.
- › 3 level auto marking/auto nesting system (quick, high and extreme.)
- › Combine marking facility.
- › Auto Marker compaction after marking to increase efficiency.
- › Report printing in pdf and Excel format from pattern design and marker making software.
- › Support all 3rd party CAD Plotter/Pattern Cutter.
- › Simple and easy way of digitizing.
- › For Knit-Weight Measuring Software.

## EASY PATTERN DESIGN

### EASY PATTERN DESIGN For Pattern Design

- › Very easy to use. On screen pattern making.
- › Easy to make curve and anytime editable.
- › Auto/manual sewing allowance.
- › Folding, mirroring, pattern-half, auto shrinkage.
- › Pattern rectifier, auto grading.
- › Easy digitizing.
- › Support Win XP, Windows Vista, Windows-7.

## EASY MARKING

### EASY MARKING For Making Marker, Consumption, Auto Consumption

- › World fastest auto marker(Nest++3) from which you can get high efficiency with in very short time.
- › Manual marking is also possible after AutoMark.
- › Mini marker can easily be printed by any printer.
- › Auto reporting option in Excel format.
- › Easy to calculate fabric consumption.
- › For Knit fabric, weight measuring software in Kg/Dzn format.
- › Very easy to change fabric width any time.
- › After Marking pattern information can be updated.
- › Combined marking option by adding multiple style files.

<http://vimeo.com/92033601>

## EASY CONVERTER

### EASY CONVERTER For Importing 3rd Party CAD Pattern For Editing

- › Convert pattern in Just 2 steps.
- › Lectra, Gerber, Investonica, Optitex and other conventional cad format file supported.
- › HPGL file import facility into marker and pattern.
- › Lectra MDL and Gerber \*.ZIP file creator, so file can be directly open in Lectra and Gerber without any conversion.
- › Can import pattern from Gerber Storage.
- › Export and Import Lectra Marker file.

## G-MAC Smart Plotter GEN-04

### **PRODUCT DESCRIPTION**

**G-MAC** -Smart series plotter of new design, the newest with the proven HP Technology, becomes popular in Garment CAD Systems in the world wide. Its performance reliable and stable and the plot resolution reaches 600 300dpi. In addition, it can have two way for taking up paper and it also supply ink level and cartridge automatic checking to save your time and cost. Contracted but not Simple. Cartridge and Ink Level Auto Inspection Two ways for taking up paper (free on floor / take up bar) Encoder Strip to ensure the Accuracy 4 cartridges Cartridge clean (basic but efficiently) No longer sensitive to the cartridge anymore.

### **Features:-**

- Cartridge and ink level auto Inspection.
- Two ways for taking up paper (free on floor/ take up bar).
- Encoder strip to ensure the accuracy.
- cartridges-: 4-cartridges.
- Non- sensitive cartridge.
- Working quiet with higher speed.
- Cartridge Cleaning by Electric.

- ❖ Printing resolution: 300-600 dpi Hp inkjet compatible
- ❖ Cartridge Number: 4
- ❖ Port Interface: Ethernet
- ❖ Power supply: 115 v - 220 v
- ❖ Power consumption: < 200 w
- ❖ Max paper roll weight: 35 kg
- ❖ Max paper roll diameter: 20 cm
- ❖ Format file: HPGL / HPGL2 / PLT
- ❖ Windows requirements: Windows 8.1, Windows 10, Windows 11

## ● Flat-bed Sinhajet Pattern Cutter

**FLATBED INKJET CUTTER**  
平床喷墨切割机

**产品特点 Advantages**

- HP45 喷头/HP45 Inkjet Technology
- Ultra Lighter HI-Tech Table
- Closed Loop and Servo Control System
- Automatic Operation, Low Noise, Low Energy Consumption

**SINAJET®**

**技术参数**

|         |                                                      |

**FG STEP MOTOR OR SERVO MOTOR SERIAL**

[www.sinhajet.com](http://www.sinhajet.com)

### Parameters:

- Model: FG1209/FG1509/**FG1512**
- Active Printing and Cutting Area:1200×900mm/1500×900mm/**1500×1200mm**  
Table/Repeat Accuracy: Ultra Lighter HI-Tech Table/<0.1mm
- Control System: Closed Loop and Servo Control System  
DPI: Bitmap600dpi, Vector 0.04mm
- Plotting/Cutting Device: HP45 ink Print Head/Alloy Knife holder.
- Plotting and Cutting Speed: ≤70m²/h , 800mm/s (Step Motor), 1200mm/s (Step Motor)  
Data Transmission: USB & LAN
- Material Thickness: All kinds of Kraft  
Paper/0.1-1.1mm Material Fixing: Vacuum Adsorption
- Working Voltage: Cutter Working Voltage 86-264V, Pump Working Voltage 110V/220V Alarm  
System: Ultra-Wide Alarm, Overload Alarm, Obstruction Alarm
- Software Platform: Windows 98, 2000, NT, XP, Windows7, Windows 8, Win 11.
